ABOUT US:

**We are the only local  
organization  
solely focused  
on fighting  
corruption in PNG**

Renewing our accreditation this year to the Transparency International global anti-corruption movement, we are the boots on the ground and on the front lines in the fight against corruption in Papua New Guinea. Our primary role is empowering PNG citizens to act against corruption through our research and programs.

## ABOUT OUR WORK:

Over the past 23 years we have been in existence, TIPNG has initiated a number of programs targeted at addressing corruption at various levels of PNG society, from the grassroots all the way to the house of parliament.

The list of accolades we have won over the past two decades include championing a number of initiatives like the replacement of the “First Past the Post (FPP)” voting system with “Limited Preferential Voting (LPV)” in 2012; the passing of the “Organic Law on Political Parties and Candidates” in 2010 and the Open Government Partnership in (2018).

**Our commitment  
to the cause is  
legendary**

When we identify an issue that needs to be addressed, we don't quit until we get results. Our push for successive PNG governments to establish an Independent Commission Against Corruption (ICAC) is a prime example of this. We took up this cause in 1997 and have been pursuing it ever since! We are in this for the long haul and our commitment to corruption issues has lasted longer than the lifetimes of many governments.

## ABOUT OUR SUCCESSES:

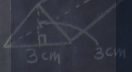

Our innovative solutions to the scourge of corruption in PNG not only reframe the conversation around corruption as an issue, but also sponsor the hope that corruption is not inevitable, and that it can be stopped. Whether it's efforts to facilitate referral of corruption complaints (through our Advocacy and Legal Advice Center), teaching democratic principles to the next generation of Papua New Guineans (through our Civic Education and Youth Integrity Programs) and our ongoing campaigns for the establishment of an Independent Commission Against Corruption and the Extractives Transparency Initiative, our work is tailored to include our stakeholders in the fight against corruption.

## ABOUT OUR PEOPLE:

A large, light-colored number '5' is positioned in the upper left quadrant of the page. It is a simple, bold, sans-serif font.

**We are Papua New  
Guineans, fighting  
for Papua New  
Guineans.**

Our eyes are wide open to the destruction of our institutions and ultimately our communities as a result of corruption. We pride ourselves on being able to lead the conversation on fighting corruption and being the glue that sticks together people who want to do something about this menace. People who believe that our nation is stronger than greed and values more than just money. If you feel the same way, then you belong here with us.
